

The mag trade

Create your perfect fashion magazine!

YOU WILL NEED

- Pens and pencils
- Paper
- Old fashion magazines and catalogues
- Scissors
- Glue

Your Patrol is the creative team behind a brand new fashion magazine. You need to choose a title and plan what will go inside. Fill it with features you'd love to read!

Here are some ideas to get you going:

- Celeb fashion news – who's wearing what? Is it hot or not?
- A feature on a new trend – this can be real or made up!
- How to get the look of your fave stars.
- A report from a fashion show.
- A round-up of what's on the high street.
- The coolest looks of the season.
- Hair and make-up tips.

Top tip:
Choose a cover star who looks smiley, friendly and not too 'perfect' – someone who will appeal to your readers!

Work out who's going to write each article. Find pics from the magazines you've brought, or draw your own. Now get cracking – you need to get that first issue out!
