

Make it!

Create a pen holder that's good enough to eat! (But don't. That's just silly)

FANTASTACO DESK TIDY

You'll need:

Scissors

Glue

Sticky tape

Card

Small cereal box

Download the template

For more arts and crafts like this, check out Art, Draw & Create! magazine

1

Download the template, print it, glue it to some card and cut it out.

2

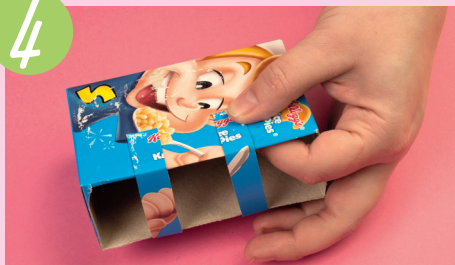

Take an empty cereal box and cut out one of the longer sides all in one piece. Use sticky tape to seal the top of the box back together.

3

Take the side of the box you just cut off, and snip it into two thin strips.

4

Lay the thin strips over the open side of the box, then tape them down.

5

Now lay the taco face down and glue the box to the back of it - make sure the base of the box lines up with the base of the taco.

6

Finally, put your pens and pencils into your pen pot.

Make it!
