Girlguiding's plan for 2020

Our plan for the next five years is split into four themes - Excellence, Access, Voice and Capacity - and we need you to help us achieve our aims for each.

#2 Access:

*We will work together to ensure that more girls from all backgrounds benefit from what we do*

Follow the six simple steps in this checklist to do your bit for 'Access' and you will be helping to inspire more people to join guiding and ensure we provide opportunities to even more girls.

**AIM: More people will hear about Girlguiding, and will be inspired to join**

- Completed a badge, booked a visit from a Peer Educator or going on an exciting trip? Get together with your local team and fill out one of our [template press releases](#), or [try your hand at blogging](#).
- Commit to taking your girls outside in their uniform once a term to show your community the [fun things we get up to in guiding](#).

**AIM: All the girls who want to join will be able to access the benefits of guiding**

- Got a waiting-to-join list? Send the girls the instructions for an activity your unit enjoys and update them or their parents on where they are in the joining process at the same time.
- Work with Leaders nearby to make sure you have a [great transition plan](#). Visit a new unit each year so you know where your girls could go on to, or invite a girl from the section above to come and speak to your group.

**AIM: More volunteers will join so that we can change more girls' lives**

- Each term, speak to one new person about volunteering - think siblings of your girls, students at a local college or a Trefoil Guild member from your area - and [put up one recruitment poster](#) in a new, creative place.
- 35 per cent of Girlguiding parents say they want to help but have never been asked! Speak to them and find a way to use [whatever time they can give](#).

Finished? **Congratulations!**
