

Section handbooks

- Section handbooks are an introductory handbook for new members designed to take the girl through their journey in each section. They include:
 - Where they fit into Girlguiding
 - The Promise and Guide Law
 - What their section is about
 - Uniform
 - Programme (including themes)
 - Out and about
 - Other opportunities with Girlguiding and WAGGGs
 - Moving on to the next section.
- They belong to the girl – there are opportunities to draw and write notes and dates in them.
- They are also useful for parents to learn more.

Badge and record books

- In addition to a section handbook, the girls will need a badge or record book to record their achievements and progress. There is one for each section.
- The badge books give a Rainbow, Brownie or Guide all the information they need about the different badges and awards they can gain in their section and space to record their achievements.
- Rangers have a record book. This contains an overview of the badges and awards they can achieve and space to record their progress, but the details of the badge challenges can be found online.
- The badge and record books are different prices due to their different sizes. You can buy them at volunteer shops or through Trading Services.
