

Statements for ‘What would you do...?’

These statements can be used to work out how confident mentors are in dealing with different situations. The bullet points are discussion topics to help get a conversation going on how you would resolve the situation. Use these statements with the agree/disagree cards, and feel free to include more scenarios mentors may come across.

2. I know what to do if someone else has signed off an element, but it is not clear who they are and there is no discussion note or evidence in the file.
3. I would know what to do if there was missing evidence.
