

When planning a residential or overnight event you must refer to Girlguiding's [residential event procedures](#).

Please read all the below information before completing this form.

International residential event notification and approval form

Your commissioner must be notified of and approve all events that involve an international trip using this form. The leader in charge is responsible for making sure that Girlguiding policies and procedures are followed, that this form is completed accurately, that updated information is sent to the authorising commissioner where necessary, and that the event does not go ahead until authorisation is received.

Remember that as this form includes personal data you must make sure you follow the [managing information procedures](#) when completing, sharing or sending the form.

For all international events the international permission to plan section must be submitted and approved before any bookings (for example flights or accommodation) are made.

When to submit this form

The below table lays out the minimum timescales you should follow when submitting this form:

International permission to plan	9-18 months before date of travel
Part one	9-18 months before date of travel as determined by the authorising commissioner when authorising permission to plan
Updated risk assessment and itinerary	4 months before date of travel
Part two	4 weeks before date of travel
Updates after part two approval	If there are any changes after part two is signed off by your commissioner, you must edit the form and resubmit to your commissioner and adviser (if relevant) for approval

You can submit the permission to plan section earlier and we encourage you to do so in certain circumstances. For example, a high cost trip; you're relying on fundraising; you're travelling outside Europe; the length of your trip is more than one week.

In exceptional circumstances you may be allowed to submit this form later than the minimum period, subject to the discretion of your commissioner.

The following table shows you which sections of the form you should complete or update if there are any changes for each part of the authorisation process:

If the chief commissioner is attending a region or international event, the chief guide or deputy chief guide must sign it off, or if they're unavailable, then another chief commissioner.

Forms must never be signed by family members; if the authorising commissioner is related to the leader in charge the form should be passed to the commissioner above.
