

We change as the lives of girls change

We are relevant to today's girls because we listen to them and constantly evolve and adapt what we offer them without losing what makes us uniquely us. We provide support, comfort and friendship in what can often seem a complex world for girls as they grow up.

Twice a year Girlguiding hosts the BIG GIG - a massive pop concert for more than 20,000 Guides - with performances from some of the biggest and most popular current artists.

Our camps, holidays and trips give girls the chance to try new adventures, from quad-biking, orienteering and abseiling, to zorbing, canoeing and zip-wiring.

Girlguiding is the leading charity for girls and young women in the UK. We build girls' confidence and raise their aspirations. We give them the chance to discover their full potential and encourage them to be a powerful force for good. We give them a space to have fun.

Shout out about Girlguiding

You can say a lot about Girlguiding in just a few words...

We are for all girls

We are for all girls and young women, whatever their background and circumstances. We offer them fun, exciting activities and the chance to make lifelong friends. You'll find us in many communities, helping to give girls a head start in life and encouraging them to be happy, self-confident and curious about the world they live in and the difference they can make.

Our groups are fully integrated to include girls with disabilities, and we offer grants to ensure that they and their carers can join us on camps and trips.

We employ outreach workers to encourage membership in hard-to-reach communities.

We are open to all girls - of all faiths and none.

We give girls their own space

We give girls a place where they can really be themselves with other girls and share the experience of growing up as a girl in today's world. We provide a safe, non-judgemental environment where girls can explore the issues they care about while having lots of fun, enjoying new experiences and learning vital skills.

We know from our research that being girl-only is one of the things our young members value most about guiding.

Our Girls in Action project educates girls about sensitive issues affecting their peers around the world like violence against women, street children and girls' education.

We give girls a voice

We give girls the confidence, skills and information to make informed decisions. We offer a supportive, inclusive and exciting environment where they can reach their own conclusions about the world. We show them how they can speak out and take positive action to improve their lives and the lives of others.

We have a dedicated youth advocacy panel called Advocate! to help girls speak out publicly about issues they care about.

We produce the UK's largest annual survey of girls' opinions - Girls' Attitudes - on issues from role models and equality, to university fees and plastic surgery.
